

# ROCHESTER YACHT CLUB

CHARLOTTE STATION

ROCHESTER 12. N. Y.

SATURDAY, NOVEMBER 17th, 1956

The unusual party you've been waiting for.

Many members have asked to brighten up the interior of the Club, and have expressed their desire to help. So here's what we'll do.

Starting at 10:00 A.M., we'll begin painting the downstairs of the Club House. Now, please don't say it doesn't need it. It not only very definitely does need some paint, but if we're going to make everybody happy, we'd like to work in a little color contrast here and there to make the place a little warmer.

Then, when we've finished the job, we'll knock off and at 6:30 P.M. there will be a big dinner for everybody on the House Committee (and when you get something for free from them, you've really got something).

And to wind up the day, our friends, the "STROLIAIRES" will be playing from 9:30 P.M. on.

We need everybody's help, so put on your old clothes, bring a handful of rags and a paint brush - come down as early as you can and make a day of it.

In the past these "work 'n play" parties have been great fun, and we know everybody who has been to one before will be down on the 17th, and those of you who haven't will be surprised how much fun you can have painting.

ENTERTAINMENT AND HOUSE COMMITTEES

P.S. Free beer provided for all throughout the day.

Next Club party - December 1st - with the "STROLLAIRES" and don't forget to plan on joining us and the "STROLLAIRES" for NEW YEAR'S EVE.
