Dear Mr. Willet,

Your son has advised me of my error in my letter to you dated July 5, 1941.

The third paragraph should then read:

" We herewith grant your fleet the territory as included on the American side of Lake Ontario West of the Westerly line of Orleans County, State of New York."

Imagine giving ourselves away !

I had a very pleasant chat with your son and found him very enthusiastic about sailing.

Sorry to have missed you on your call here and hope to see you here for the Twelfth District Regatta.

My best regards,
