

Olcott, New York,
June 29th, 1941.

Mr. J. A. McConnell,
89 East Avenue,
Rochester, New York.

Dear Mr. McConnell:

You have probably heard from President Elder of our application for a Fleet Charter here at Olcott. He says in his letter, which I have before me, that he is sending you a copy and as you can see by his letter it is necessary for us to get a release of territory from your Fleet.

If it is necessary for me to come to Rochester I shall gladly do so if you will let me know the time convenient to you. I am starting my vacation July 7th and will be able to drive down any day of that week or the week following. We would like to get our Charter as soon as possible and anything that you might do to speed us along with our problem will certainly be appreciated.

Hoping this contact may be the beginning of a friendship between two American Fleets on Lake Ontario, I am

Very truly yours,

Robert M. Willet,
Acting Secretary.
